## Pallet Storage Safety

- Never store pallets on their sides or edges. <u>Always lay pallets flat</u> on the ground.
- Never walk across or stand on a pallet.
- Never use stacked pallets as a make-shift ladder or other means to reach or climb heights.
- Stack or store them in an area out of the way so they are not a tripping hazard.
- Always stack them in a manner and height so they are stable and secure against sliding or collapsing.
- Do not store in a location that obstructs the means of egress, fire extinguishers, electrical panels, etc.

Rockwood Casualty Insurance Company (Rockwood) may provide safety management services to its insureds in order to reduce the risk of loss that may lead to insurance claims. The information and advice we provide is not intended to include all possible safety measures and controls. Rockwood does not warrant that losses and claims will be avoided or mitigated if our recommendations are followed. The safety management services we provide do not relieve the insured of its own duties and obligations with regard to safety matters, nor does Rockwood guarantee to the insured or others that the insured's property and/or operations are safe, healthful, or in compliance with applicable laws, regulations or standards. The insured remains responsible for its own operations, safety practices and procedures and should consult with legal counsel and safety professionals, of its own choosing, as it deems appropriate.
